- ✓ Commitment
- ✓ Job Satisfaction
- ✓ Attendance

Flex-Options, an initiative created by the Women's Bureau, U.S. Department of Labor, encourages business owners across the country to create flexible workplace cultures and establish or expand flexibility policies and practices.

The project brings together business owner participants with their peers who have successfully implemented flexibility. Information and resources are shared through networking, workshops, teleconferences, discussion groups, and Website resources.

For more information about
Flex-Options contact:
